## TOOLWORX ANNOUNCES NEW CLIENT INTERMEC TECHNOLOGIES

BRIGHTON, Mich., <December 10, 2008 >-- ToolWorx Information Products, Inc. ("ToolWorx"), of Brighton, Michigan announces that Intermec Technologies ("Intermec") of Everett, WA has chosen ToolWorx to implement a new shop floor and warehouse data collection system for their Media Division located in Fairfield, OH. This will be an upgrade to their current bar code data collection system and will include state-of-the-art Intermec terminals and software to streamline and enhance the current data collection process. ToolWorx has been a reseller of Intermec products since 1999 and we are proud to welcome Intermec now as a customer as well as a vendor.

### **About ToolWorx**

Founded in 1997, ToolWorx Information Products, Inc. is a developer of automated data collection applications, specializing in lot/part traceability and error proofing. Our flagship product suite, ToolWorx Bridge™, gives companies the ability to accurately collect information from the shop floor, warehouse or out in the field using barcodes, radio frequency identification (RFID) tags, or programmable logic controllers (PLC). The collected information is integrated real-time with a customer's internal enterprise business systems. We take pride in our ability to customize and install a system in less than 30 days. ToolWorx is an Intermec RFID Authorized Honours Partner. For more information, visit [www.toolworx.com](http://www.toolworx.com).

### **About Intermec**

Intermec Inc. (NYSE:IN) develops and integrates products, services and technologies that identify, track and manage supply chain assets and information. Core technologies include RFID, mobile computing and data collection systems, bar code printers and label media. The company's products and services are used by customers in many industries worldwide to improve the productivity, quality and responsiveness of business operations. For more information about Intermec, visit [www.intermec.com](http://www.intermec.com) or call 800-347-2636.
